Bill Whately 88 & 90

What would this competition be without the entry of our very own Bill Whately. Leading the renaissance of the lower plots in recent years by having two superb full plots is no easy task but seems to be all in a day's work for Bill. From his Indian walking ducks to his superb crops Bill is a man that takes great pride in his plots and it shows. Having also recently taken on the role of deputy site manager Bill is man committed to the allotment and we thank him very much. If you look hard you will also see Bill watering his shoe….
